

## Host a clinic day today

*This communication applies to the Medicaid programs for Simply Healthcare Plans, Inc. (Simply) and Clear Health Alliance (CHA) as well as the Florida Healthy Kids (FHK) program for Simply.*

### What is a clinic day?

A clinic day occurs when a provider agrees to hold open appointments, over the course of one or more days to provide specific health services for our members.

### What are the benefits of hosting a clinic day event?

Clinic day events offer an innovative way to encourage patients to obtain the health services they need while improving your HEDIS® rates and decreasing no-shows. They also allow for open communication between everyone. Clinic days can also help you:

- Identify and manage patient populations in need of care.
- Track and coordinate care.
- Reduce administrative burden on office staff.

### What support will be provided?

If you are interested in hosting a clinic day, we will:

- Work with your office to coordinate a strategy specific to your office needs and goals.
- Target area(s) of need based on HEDIS measures and/or seasonal activities. (for example, back to school, flu, mammograms)
- Distribute member invitations and appointment reminders.
- Work with your office to schedule appointments or provide independent outreach to members.
- Promote member engagement with PCPs.
- Assist members with transportation and/or other needs to meet appointment.
- Provide giveaways and health information.
- Incentivize members for completing their visit and closing the care gap(s).
